CRC Requests (ex., Board motions, LOC requirements, etc.)

- Board orientation for the board – date and time to review LOC agreement, facility management and board governance
- Documents for LOC/Land signed with Affidavit

CRC Supported Items (ex., Programming, Resources, Best Practices, etc.)

The 2014 **tree disaster recovery program**, in conjunction with Waste & Recycling, would like to offer tree mulch to community events throughout the summer in Calgary.

The basic premise would be that Parks would move a tandem of mulch to the site prior to the event and the event organizers would take custody of distribution and clean up at the event.

We are hoping to reach events around the City from June – September to allow a number of communities to participate.

Please have the appropriate CRC / PCS etc contact Ron Buchan in Parks if there is any interest.

Please note that not all requests may be able to be satisfied due to mulch availability and event scheduling so book early to avoid disappointment.

Dates to Remember (ex., Workshops, Grant deadlines, etc.)

Did You Know...? (ex., City-wide Events & External Opportunities, etc.)

Community and Ward Profiles - Now Available

I am happy to advise you that Part A of the Ward and Community profiles are now available on [Calgary.ca](http://www.calgary.ca). Part A is the first release of the profiles and contains demographic data. Part B – Community Character will be available in the spring of 2015 and will include socio-cultural information.

You will find the ward profiles at the following link:

Did you know...About The Calgary Tool Lending Library?

1. Bridgeland Riverside Community Association is the host organization for Calgary's first and currently the only Tool Lending library and it is growing quicker than expected. If the membership they have this year carries over to next year they will have met their goal of being self sustaining in one year.
2. This is meant to be a City wide project and if other groups want to set up sites in their community the Calgary Tool Library would love to connect with them. They would prefer if interested parties either became members and checked it out and then worked with them to expand or if interested parties shadow volunteered to see if it is something that might fit in their community.

Check out the website is <http://calgarytoollibrary.org/>; feel free to contact Bridgeland Riverside CA directly with any questions. Or to borrow a tool (they have about 200 now)!
