Did the meeting provide you with the information you needed?	Yes	Yes, to some degree. I am ore aware of what the plan looks like.	Yes	Yes
If not, what information do you still need?	Was not aware of initial survey asking for input on what residents wanted	I would like to know how many people were part of the survey to bring the # to 95% of people wanting a hockey rink.		
How can we get this information to you?	robrenouf@me.com	email me @ tegoudie@gmail.com	email	
How satisfied are you with the proposed concept that was shown? Please explain.	Not in favor of any of it. Too large - noisy. Prefer more natural park like setting.	I am very dissatisfied with the plan for the hockey rink and parking lot. I would like the concept changed to just green space with trees.	I am not satisfied with the hockey rink proposal. However we do like the exercise equipment ad water loop idea. But the hockey rink is extremely disturbing and it is not appreciated.	
What areas of the plan are most important to you? (Examples include the ice hockey rink, pleasure skating rink, trails, community garden, proposed fitness areas, bench seating, warming shelter)	Natural treed area with gardens	Trails, bench seating, trees	Hockey rink!	Pleasure skating, fitness areas, bench seating, trees
Are there additional park uses you think would fit here?		I would prefer to have a green space, splash park for kids, gazebo with shrubs	Tennis court, splash park, gazebo with shrubs. You could add basketball on there.

<p>Do you have any concerns with the proposed plan?</p>	<p>Yes - parking, noise, graffiti</p>	<p>The biggest concern I have is the hockey rink, noise, lights and parking that would be used by the red roof residents who are now parking on the road.</p>		
<p>Please provide any additional comments or questions.</p>	<p>Much smaller footprint - the area is too busy! Concentrated parking will be a huge issue as so many residents park along the road.</p>	<p>I would like to know exactly when the final plan is in place. I want my voice to be heard! I live directly facing the field and the biggest enjoyment for me is the green space for my kids and the quiet that it provides.</p>
