Transportation Safety in Rocky Ridge/Royal Oak

By Durotolu Aro, RRROCA Director of Transportation

The new school year just started and I think this is the best time to remind ourselves of transportation safety around schools and in our community in general. The main complaint we got last year was about parents using private driveways around our schools for turning around. Here are a few reminders:

Playground Zone Safety

- It is illegal to make a U-turn in a playground zone.
- It is illegal to pass (overtake) a car in a playground zone.
- Playground zones must be observed year-round.
- When a pedestrian light in a playground zone is flashing after playground hours, all vehicles must observe the playground zone speed limit (30km/hr).

Community Safety

- U-turns are not permitted at intersections with traffic lights, except when a separate sign indicates U-turns are allowed. In Rocky Ridge/Royal Oak, U-turns are not permitted at any of the traffic lights in or at the entrances to the community.

- Pedestrians have the right of way at every intersection (with or without a marked crosswalk) in our community. Pedestrians should wave to indicate their intention to cross a street.
- Pedestrians crossing the road at any point apart from an intersection or marked crosswalk do not have the right of way and must yield to motorists.
- Legal U-turns can only be made at an intersection that is not in a school zone.
- The maximum speed limit on all roads in the community is 50km/hr except where indicated (e.g., Rocky Ridge road is 60km/hr).
- On a two-lane road you may pass another vehicle on the right if that vehicle is waiting to make a left turn.
- Cyclists who are biking on the road are considered motorists and must obey all traffic rules (stop for pedestrians, stop at stop signs/red lights, yield to vehicles, etc.).
- Bicycles must be equipped with a bell.

For additional information about traffic/road safety, please see the following resources: http://www.qp.alberta.ca/1266.cfm?page=2002_304.cfm&leg_type=Regs&display=html and <https://www.albertadrivere Examiner.ca/driverhandbook.pdf>

President's Message

Fall is upon us.

By Tessa Sakamoto, RRROCA President

It's that time of year where we start new routines and get back into old

ones. Remember that our local schools are working hard to educate their students and parents on traffic safety as well as drop off and pick ups. Please be patient and leave yourself a little extra time to get where you need to go. Be aware of school buses, pedestrians, rules of the road. Show consideration for neighbours and their properties.

September is a busy month for RRROCA. We have two great events planned for the month - our 3 on 3 Basketball Tournament at the Official Opening of the new Community Park on September 24, as well as our Community Clean Up. Start looking through your garage and basement for things you'd like to throw away. We'll see you at London Drugs on September 17, 2017!

As always, we are always open to feedback and we welcome those who would like to help out. Contact me at president@rrroca.org if you have any questions.

RRROCA Parks

Community Park Update

By Dave Spencer, RRROCA Director of Planning and Development

Creating a new park in the City of Calgary is a long and challenging process. RRROCA's community park was first proposed in 2010; at that time, a hockey rink was the sole amenity. After consultations with residents and feedback that our community was deficient in family neighbourhood parks, the vision grew to include a community hub, a social space, and multi-generational amenities.

The new and improved vision was designed by professional landscape architects and engineers. Our permit was released in the Fall of 2016 and work commenced in late October, with the intention that the park would be completed in at least two phases, depending on funding. RRROCA has been putting aside funds raised through our volunteer events at the casino for many years, specifically for the park. Our funds plus provincial and local funding allowed us to construct the infrastructure, basic site servicing, and the hockey rink. Almost 60% of the park's full build-out was completed in the Fall of 2016. Community residents were getting excited to finally see something happening.

Additional finishing work was completed in the spring of this year, after which the construction fence came down. We have been so pleased to see families coming to enjoy the pathways, picnic tables, and open play areas. The rink is used frequently for roller hockey, basketball, and lacrosse. We have been able to achieve our goal of creating a family friend place for our residents to enjoy all year round thanks to the numerous grants we received from generous contributors.

RRROCA Volunteer Corner

Recognizing our Volunteers

By Joanna Tija, RRROCA Director of Volunteers

Make a World of Difference

Dave Spencer

This month we are recognizing the volunteer work of Dave Spencer, who has devoted countless hours to the planning and development of our new community park. He has been the elected Director of Planning and Development for 2 years. Before being elected director, he was the un-elected Planning and Development Lead for 4 months. He was nominated for Volunteer of the Month by a few board members, including President Tessa Sakamoto and Treasurer Paul Watson.

Here is the interview with Dave (D).

Q: Why do you volunteer for RRROCA?

D: I have 40 years of experience in designing parks, communities and public spaces, so I wanted to give back to my own community by offering my expertise in improving and adding to the quality of life in Rocky Ridge/Royal Oak.

Q: What have you accomplished?

D: My biggest accomplishments have been guiding the design and approval process for the new Community Park and Rink, navigating the engagement and permitting process, successfully obtaining grant funding, and getting it built. I have also provided thoughtful input to future planning and development in the community by private developers, and engaging in public art initiatives.

Q: What have you learned through volunteering for RRROCA?

D: I was impressed by and continue to be amazed by how many of my neighbours have stepped up to volunteer for the community. My experience with other volunteer organizations is that a couple of people do all the work – how great is it to have committed and hard-working people engaged in RRROCA to generate ideas and get things done?

Q: Any future goal(s)?

D: Near future goal is to finish the Community Park. After that, maybe take on another community project. I hope to be working on creating renewable power generation and sustainable communities in the Bahamas, where I am active and where my parents have organized arts and cultural events for over 40 years.

Words from the Author

I hope you have enjoyed walking, cycling, or playing ball games at the new community park. I believe most of us are excited to skate in the ice rink in the winter, too. We are so fortunate to have Dave, an experienced park expert, who volunteers countless hours to design and follow up with the construction of our community park! We always need volunteers for our community. If you can help us with upkeep of our community park, please email me at volunteer@rrroca.org.
